

ORGANIZATIONAL ENDOWMENT FUNDS AT THE PHILADELPHIA FOUNDATION

Nearly 100 nonprofits from throughout Greater Philadelphia have trusted The Philadelphia Foundation to manage and build their organization's endowment. They receive the security that comes with placing their long-term financial resources with professionals who have secured and grown charitable endowment funds since 1918. The organizations can take advantage of greater fiscal efficiencies, a diversified asset allocation strategy and lower investment expenses. They also gain access to The Philadelphia Foundation's Planned Giving Services at no additional cost.

Shown below are the logos of some of those whose endowments are based at The Philadelphia Foundation as of December 31, 2017.

Contact us to learn how your organization can join this group.
